Regards: 275 Forest Ridge Rd Comp Permit- emergency access road

On February 19, 2025, members of the fire department met with Phil Cordeiro, P.E. of the construction team. We walked the proposed secondary egress path that abuts the property and is existing. With some minor landscaping and limbing, this path would be sufficient for what we want to achieve in the event of an emergency. The fire department overall is satisfied with the proposed secondary path. We will work with the developer on how to secure access at a later date.

Respectfully submitted,

Walter Latta Jr.
