Dear Members of the Community Preservation Committee,

On behalf of the Concord Historical Commission, I submit this letter in enthusiastic support of the project proposal from the Town of Concord Archives for the preservation and digitization of historic town documents.

Clearly the first five volumes of Town Record Books from about 1635 to 1790 are irreplaceable historic documents with national significance, documenting both critical decisions and untold stories of the colonial era and American Revolution.

The Concord Historical Commission encourages the Community Preservation Committee to help preserve these important documents by funding the proposal in full.

Sincerely,

Douglas J. Ellis, Chair
