Community Preservation Committee  
141 Keyes Rd.  
Concord, MA 01742

Dear Members of the Community Preservation Committee,

On behalf of the Concord Historical Commission, I am pleased to submit this letter of support for the storm window project at the Concord Free Public Library, a work of art, place of inspiration and repository of Concord literature and culture.

This important project not only will help preserve the fabric of this iconic symbol of Concord, it will help preserve its historic contents. Storm windows will protect historic architectural elements of this 1930s Henry Little design as well as improve interior climate control, reducing fluctuations in temperature and humidity that can threaten the library's irreplaceable collections.

The Concord Historical Commission encourages the Community Preservation Committee to help preserve the architecture and contents of the library by funding this historic preservation project in full.

Sincerely,

Douglas J. Ellis, Chair
