

Eliot Community Human Services & The Town of Concord

Concord Community Clinician FAQ

- **Who is the Concord Community Clinician?**

Laura Page, LICSW, is the primary clinician providing therapeutic support to the Concord Community. Juliette Jaye, LCSW, is also able to support seeing youth who are Concord residents or attend Concord Carlisle High School.

- **What does the Concord Community Clinician do?**

Laura and Juliette are Eliot clinicians that serve the residents of Concord providing mental health services. This includes evidenced based treatment, life transition assistance, connecting individuals to services, etc.

- **Who is eligible to participate in these services?**

Any resident of Concord of any age. This service also covers Carlisle High School students who attend Concord/Carlisle High School. All insurances accepted.

- **Who would be a good candidate for this service?**

Individuals who are looking for therapeutic support. Although there is no specific timeframe that clients are subjected to when utilizing this service, regular reviews of progress in treatment and utilization of treatment are done.

- **How do I refer someone?**

Please utilize the provider google form if you would like to refer someone to use this service. You can also provide our contact information to the individual or family to reach out directly. Our phone number is 978-369-1113 option 2 for intake. Or our email is eliot-central-intake@eliotchs.org

- **What happens after I refer Someone?**

Triage will get started contacting the client and getting all the necessary intake information and consent forms signed. Then Laura/ Juliette will schedule with the client and or legal guardians. If any client has any barriers or would prefer to meet with Juliette/ Laura to fill out the intake paperwork that can be done!

- **Where are individuals seen for this service?**

The Eliot Center is located at 86 Baker Ave Ext, Suite 100, Concord, MA. We also are able to accommodate anyone who is interested in utilizing telehealth video therapy.
