Overview

For homeowners seeking true peace of mind, Landmark® shingles are the high quality, reliable choice for beautifying and protecting a home. With a dual-layered design that emulates the dimensionality of true wood shake, Landmark asphalt shingles offer the heaviest weight and widest array of color options in their class, allowing you to create the ideal look for your home with confidence. Backed by a 100+ year legacy of trusted manufacturing performance, all Landmark shingles include CertainTeed's industry-leading, lifetime-limited warranty.

- Landmark's dual-layered design emulates the dimensionality of true wood shake, independently certified as meeting the highest quality standards for roofing
- NailTrak® removes the guesswork with three separately defined lines, creating a large area to guide your nailing and a smaller area for extreme steep-slope application
- StreakFighter® technology uses the power of science to repel algae before it can take hold and spread: the ultimate in stain protection
- QuadraBond™ technology firmly secures the layers of a shingle together, helping roofs stand up to wind and weather so they maintain their beauty and performance
- CertaSeal is a high-grade adhesive made from a proprietary blend of asphalts and polymers that seals shingles together on the roof to safeguard against wind uplift, blow off, and moisture infiltration
- Superior bond provides greater protection against shingle delamination to maximize performance over the life of the shingle in any climate
- Lifetime, limited transferable warranty; Including a 10-year StreakFighter® warranty against streaking and discoloration caused by airborne algae
- 15-year, 110 mph wind-resistance warranty; Wind warranty upgrade is available for Landmark up to 130 mph; Specified CertainTeed starter and CertainTeed hip and ridge required
- Landmark UL 2218 Class 3 Impact Resistant shingles provide durability and aesthetic
